M. Paul de Cassagnac, the famous Im-
perialist of France, has been re-elected
to the Chamber of Deputies.

If the gentlemen, who are in the
habit of carrying off our exchanges,
while we are out of the office, would
give us a chance to look at them first,
we would be obliged.

Mr. McMahon, of Ohio, evidently
thinks Tilden knows something of the
ciphers. He withdrew from the Com-
mittee because he thought it would
damage Thurman if he remained in it.

ELSEWHERE we publish a letter
from the Chairman of the Committee
of the bondholders to Governor Marks.
From it, it will be seen that Mr. Ste-
phens sets alone in bringing suit
against the railroad.

WE notice several Democratic pa-
pers are mad because the Potterites
would not allow Tilden to have counsel,
before them. To the best of our recollection
Tilden had counsel in the Income
Tax suits, and that counsel purloined
certain valuable papers.

It does our hearts good to meet
with proofs that our exertions to give
to the public a good paper are appre-
ciated. When this comes from a brother
of the "quill-driving" fraternity, it is
doubly pleasing. We are willing
that they shall use anything that ap-
pears in our columns, provided al-
ways they give proper credit. We are
decidedly opposed, however, to filling
two editorial chairs at the same time,
and more especially when we receive
nothing from the second. To be ex-
plicit, we most seriously object to the
Wayne County Journal, published in
Palmyra, N. Y., taking our editorials,
word for word and line for line, and
using them as original articles. For
the last two or three months has this
been going on, and we are awfully
tired of it. Let up Brother Clemens,
let up.

XLV CONGRESS.

SENATE.

WASHINGTON, Feb. 5, 1879.
Mr. Wallace gave notice he would,
on Monday, move to take up the
bill in relation to the Japanese Im-
munity Fund.

On motion of Mr. Spencer, Sat-
urday, after 1:30 p. m., was set
apart for the consideration of bills
reported by the Committee on Mil-
itary Affairs.

The resolution submitted by Mr.
Matthews yesterday, providing for
the appointment of a special com-
mittee of five Senators to inquire
into all claims of citizens of the
United States against Nicaragua,
was agreed to without discussion.

The Senate passed several bills
on the calendar, after which re-
sumed the consideration of the un-
finished business, it being the
resolutions of Mr. Edmunds, de-
claring the validity of the amend-
ments to the Constitution. Mr.

Whyte, of Maryland, opposed the
resolutions of Mr. Edmunds, and
favored the substitute of Mr.
Morgan. The debate on the res-
olutions was further participated in
by Senators Garland, Jones, of
Florida, Hill, Edmunds and others,
and discussion continued to this
hour, 9 p. m.

HOUSE.

The House has under considera-
tion the Mississippi Levee bill, and is
now engaged in voting on the propo-
sition to strike out of that bill all
provisions in regard to the protec-
tion of alluvial lands.

An amendment to the Mississippi
Levee bill, directing the commis-
sioners to complete the survey of the Mis-
sissippi between Alton, Ill., and
the passes at the mouth of the
river, was adopted. Mr. Robertson's
amendment, appropriating \$387,500
for strengthening the levees of the
Mississippi, was withdrawn. The
bill was then passed. The House
then went into Committee of the
Whole and discussed the Army Ap-
propriation bill.

Mr. White, of Pennsylvania, of-
fered as an amendment to the bill
substantially the bill known as the
Army Reorganization bill.

After considerable debate, the
committee arose, in order that the
amendments might be printed.

Mr. Cobb, from the Committee on
Elections, submitted a report on the
Florida contested election case, de-
claring that Finley is entitled to
the seat and that Bisbee is not.

Mr. Price submitted the views of
the minority, and, as he stated, the
views of the majority of the sub-
committee, declaring Bisbee entitled
to the seat.

WASHINGTON.

WASHINGTON, D. C., Feb. 5.—
The President approved the act
making an appropriation for the
purchase of a site and the erection
of a site thereon of a military post
at El Paso, Texas; also the appro-
priation for the relief of the do-
mestic and Indian missions and the
Sunday-school Board of the South-
ern Baptist Convention.

It is officially announced that
the State Department will be pre-
pared to distribute, on and after Feb-
ruary 12th, the third installment of in-
demnities due the United States
from Mexico.

A caucus of Republican Senators
was held to-day to arrange the
order of business for the remainder
of the session. A committee was
appointed to consider the matter
and report to a future caucus.

Gen. Sheldon, one of the Hayes
Electors, was examined by the Pot-
ter Committee to-day. He made a
brief statement relative to the cer-
tificates, which have been claimed
to contain forged certificates. He
knew of no forgeries.

NEW YORK.

New York, Feb. 5.—The Potter
sub-committee commenced proceed-
ings at the Fifth Avenue Hotel.
Mr. Springer, of the committee
stated that the inquiry will be
pushed right through with a view of
concluding by Saturday at noon.
In reply to the question as to
whether Gov. Tilden had been sub-
poenaed, Mr. Springer said he has
not and I have my doubts as to
whether he will be. This, however,
does not make any material differ-
ence, for in any case we shall give
an opportunity of appearing before
the committee. Smith M. Weed,
of Plattsburg, New York,
was the first witness.

He testified that he was in North
and South Carolina during the elec-
tion. Witness had a cipher when he
left there which he used from both
North and South Carolina. He
destroyed both the key and
copies of the dispatches, but said
he must confess that the dispatches,
as published in the Tribune, were
pretty correct. At Columbia he was
informed that the State had gone
Democratic, but the Canvassing
Board would not give certificates
to that effect. He testified that he
was paid for it. He telegraphed to
New York, asking if money could be
furnished. He said: "The dispatches between
myself and Henry Havemeyer were
the only ones I sent." He received
an answer which he understood to
be an assent to his proposition. Fi-
nally a definite proposition was
handed me, saying that for \$60,000
or \$80,000 the South Carolina Can-
vassing Board could make things all
right for the Democrats. He left
for Baltimore. At Baltimore he
met Col. Pelton, who informed him
that the matter had come to the
knowledge of Mr. Tilden, who had
refused to permit any money to be
used. Mr. Hampton, Senator Gor-
don and Mr. Haskell had no knowl-
edge of the negotiations. Although
he said he had destroyed the
cipher key he knew that all the
dispatches published in the
Tribune were not correctly ren-
dered. No money was paid by him
or by any one, to his knowledge, to
the South Carolina Returning
Board. He read dispatches signed
"W." published in the Tribune, and
denied sending them in the form
published. The dispatch commencing
"The majority of the Board
have been secured," &c., was sub-
stantially correct. He did not go
to Florida, and never had anything
to do with a plot to buy four mem-
bers of the South Carolina Legisla-
ture.

Mr. Springer asked: "Had you
any communication on the subject
with Mr. Tilden from the day be-
fore the election, either directly or
indirectly, up to the time the South
Carolina Canvassing Board met; or
did you have any after?"

Ans. "Yes, I met him at the
Everett House. He took me to
task (I can not give you the exact
words) about the proposition, and
stated that he never authorized any
such proposition; that while he
lived he would never become Presi-
dent under such circumstances.

ILLINOIS.

CINCINNATI, O., Feb. 5.—A spe-
cial dispatch says that at Wrights-
ville, Green county, Illinois, on
Monday last, Dr. McAuliffe and
James Havener, his uncle, had a
dispute about family matters.
Havener was shot and killed. On
Tuesday night a constable started
with the Doctor for Carrollton jail
but when within half a mile from
town a mob overpowered the con-
stable and hanged McAuliffe.

SOUTH CAROLINA.

CHARLESTON, Feb. 5.—The State
Grange met here yesterday. The
most important question to be con-
sidered is the proposed strike of the
farmers of this State and Georgia,
against an increase in the price of
fertilizers purchased for cotton.
Several resolutions on refusing to
pay more than 400 pounds of lint
cotton for each ton of the fertiliz-
ers, were introduced and referred.

GREAT BRITAIN.

LONDON, Feb. 5.—The slaughter
of a cargo of cattle brought by the
steamer Ontario, which has been
completed at Abattoir in Liverpool,
under the supervision of eminent
veterinary authority, specially fam-
iliar with pleuro-pneumonia, dis-
closed the fact that several other
cattle besides those previously de-
tected had suffered from pleuro-
pneumonia, and that the disease
was of a very pronounced conta-
gious type. The examiner returned
to London to report to the Veteri-
nary Department of the Privy
Council that the consignment of cat-
tle by the Iberia, which arrived in

Liverpool yesterday from Boston,
awaits inspection in quarantine in
the present uncertainty. Few or
no contracts are being entered
into. Traders are trying to ar-
range for the slaughter of cattle at
the point of debarkation, and
strong representations will be made
to the Mersy Docks and Harbor
Board to facilitate this. The ten
days grace allowed by the orders in
the Council are said to be sufficient
for trade requirements, and full
guarantees will thus be provided
against infection, without prohib-
iting the importation of cattle near
the north docks of Liverpool.
There is, it is claimed, ample room
to provide facilities for the slaughter
of cattle on landing.

THE BONDHOLDERS.

A Letter to Gov. Marks from the
Chairman of Their Committee.

Nashville American.
The following letter has been ad-
dressed to Gov. Marks by the Chair-
man of the Tennessee Bondholders'
Committee:

New York, Jan. 29, 1879.—To
His Excellency, Albert S. Marks,
Governor of Tennessee.—Sir: My
attention has been called to the fact
that suits have been commenced
against several of the railroad com-
panies of Tennessee, to test the
question of the priority of the lien
of the State bonds issued in aid of
their construction and equipment.

As the name of the gentleman
who has acted as Secretary of the
Bondholders' Committee is men-
tioned as plaintiff in the suits re-
ferred to, I deem it due to your Ex-
cellency to inform you that these
suits were instituted on the
responsibility of the
gentleman himself, and without
the knowledge or consent of the
committee; that the committee have
not instituted any suits to estab-
lish the lien of their bonds or of the
bonds they represent; that they
have clung tenaciously to the hope,
and do not give it up, that a settle-
ment with the State is practicable,
that will be acceptable to her cred-
itors, and that the proposition of
compromise of her debt, which the
committee directed their secretary
to furnish to your Excellency on the
14th instant, with a request that
the same be submitted by you to the
Legislature for acceptance, is still
open for that purpose, and it is sin-
cerely hoped, and respectfully
urged, may be favorably acted upon
at the present session of the Legisla-
ture.

Permit me to add, and I assure you
that I say it with all respect, that I
can conceive of no greater calamity
to the People of Tennessee, and to
their creditors, than to postpone a
settlement, the speedy conclusion of
which seems to me to be of vital im-
portance, alike to debtors and cred-
itors. With respectful regard, I
have the honor to be, very truly,
Yours,
EUGENE KELLY,
Chairman of Tennessee Bondhold-
ers' Committee.
